Open to the public until the end of November, Tuesdays and Thursdays, 3:30–5:30 p.m. by appointment.
To book: info@bambiniinbraille.it

MISTRAL ONLUS -

DESTINATION: TOGHETER

On the occasion of Erasmus Days 2026 and the 20th anniversary of its founding, Mistral Società Cooperativa Sociale celebrated, on Friday October 16, at the headquarters of the Bambini in Braille Association, the launch of a new partnership with Bambini in Braille and Youth Point – I Viaggi dei Giovani.

The initiative, titled "Destination: Together," marks the beginning of a joint effort aimed at promoting international mobility, inclusion, the exchange of skills, and youth participation by pooling the experiences and resources of the three organizations.

Created by students from the Tartaglia-Olivieri Art High School in Brescia and commissioned by Mistral for Erasmus Days 2026, "Don't forget your baggages..." is an art installation featuring ten photographs reinterpreted by the students and displayed inside reclaimed drawers transformed into symbolic suitcases.

Suitcases of Memories: Art & European Mobility

Each piece offers a personal reflection on what we carry with us when embarking on a mobility experience: memories, affections, relationships, and expectations. By giving new life to reused materials, the installation combines creativity and sustainability, celebrating travel as an opportunity for personal growth, cultural exchange, and openness to new perspectives.

The project highlights the values at the heart of European mobility: inclusion, diversity, European citizenship, and cooperation.
